A symbol is a mark, sign, or word that indicates, signifies, or is understood as representing an object, or relationship. Symbols allow people to go beyond what is known or seen by creating between otherwise very different concepts and experiences. All communication (and data processing) is achieved through the use of symbols. Symbols take the form of words, sounds, gestures, id

The question of whether such symbols are writing, primitive or proto-writing, or merely non-writing symbols or signs for other purposes such as identification is a highly controversial one, and the debate still continues today. Proponents of the view that they are early Chinese writing tend to find evidence in comparisons of individual signs ...
